

# PRESCRIBER SUPPORT IS KEY TO REDUCING PRESCRIPTION DRUG MISUSE

Prescription drug misuse education and support resources.

## PROVIDERS' CLINICAL SUPPORT SYSTEM FOR OPIOID THERAPIES (PCSS-O\*)

[pcss-o.org](http://pcss-o.org)

PCSS-O is a **free training and education program** to provide support to prescribers around opioids and chronic pain. PCSS-O provides free "doc-to-doc" consultations.

## PROVIDERS' CLINICAL SUPPORT SYSTEM FOR MEDICATION ASSISTED TREATMENT (PCSS-MAT\*)

[pcssmat.org](http://pcssmat.org)

The main goal of PCSS-MAT is to make available the **most effective medication-assisted treatments to serve patients in a variety of settings**, including primary care, psychiatric care, and pain management. PCSS-MAT provides free "doc-to-doc" consultations.

## SAMHSA-HRSA CENTER FOR INTEGRATED HEALTH SOLUTIONS (CIHS)

[integration.samhsa.gov](http://integration.samhsa.gov)

Through the provision of training and technical assistance SAMHSA-HRSA Center for Integrated Health Solutions (CIHS) helps **integrate primary and behavioral health services** to address the needs of individuals with mental health and substance use conditions.

## CDC GUIDELINE FOR PRESCRIBING OPIOIDS FOR CHRONIC PAIN

[cdc.gov/drugoverdose](http://cdc.gov/drugoverdose)

This document highlights ways to **improve communication between providers and patients about the risks and benefits of opioid therapy for chronic pain**, improve the safety and effectiveness of pain treatment, and reduce the risks associated with long-term opioid therapy.
