Grant Announcement PR Toolkit

Overview

This toolkit for new CCBHCs provides template communications materials to promote that you have just been awarded a Certified Community Behavioral Health Clinic (CCBHC) grant from the Substance Abuse and Mental Health Services Administration (SAMHSA). Earned media and social media have proven effective at raising policymakers’ awareness of the CCBHC program and increasing support for sustainability efforts at the state and federal level – and, of course, they are a great way to promote your critical work! Please feel free to use all or any of these resources as you see fit. We ask that if you plan to send a press release, pitch local media or post on social media, let us know so we can help coordinate and cross-promote to amplify your impact.

To coordinate, please reach out to:

**Connor McKay**, Senior Manager, Communications and PR

**Brett Beckerson**, Director, Public Policy and Advocacy

[CITY, STATE (date)] – The Substance Abuse and Mental Health Services Administration (SAMHSA) awarded a grant to [name of clinic] this week, allowing them to implement the Certified Community Behavioral Health Clinic (CCBHC) model for care delivery.
