- Focusing on relationships (schools, law enforcement, hospitals...)
- Leveraging data for clinical & operational improvement
- Creating a data-driven culture
- Managing organizational transformation

Poll Question

How will CCBHC status affect your ability to support “essential workers” during the pandemic? *(select all that apply)*

(“Essential workers” = other health care workers, grocery store employees, childcare staff, or others that are considered essential workers in your state)

- We will be able to serve more “essential workers.”
- We will be able to provide services in the community (outside the 4 walls of our clinic) to make care more easily accessible.
- We will be able to offer services at times more convenient to “essential workers” (e.g., evening and weekend hours)
- We will be able to expand use of telehealth to make access to our services more convenient for essential workers
- We will be able to expand services available to the uninsured, including any uninsured essential workers
- We will be able to establish and/or increase our community partnerships with other support agencies to help connect people in need (e.g., housing agencies, food banks, etc.)
- We will be able to increase our visibility in the community by partnering with local businesses to improve community awareness of our service options
- Other *(please share in the chat box)*

Poll Question

Who is on the line with us today? Please share your CCBHC status:

- New, first-time expansion grantee (May 2020)
- Renewed expansion grantee (May 2020 + prior award recipient)
- Demo site AND expansion grantee
- Demo site only
- Not a CCBHC but interested in the CCBHC model

State Policy Efforts

- Federal policies are the floor, not the ceiling
- Impacts to the economy may affect states' Medicaid budgets
- National Council can help members engage at the state level as well as federal level on CCBHCs
