

CCBHC-E National Training and Technical Assistance Center

CCBHC Foundations Data Learning Series
Session 4

February 21, 2023

CCBHC-E National Training and Technical Assistance Center

Funded by Substance Abuse and Mental Health Services Administration and operated by the National Council for Mental Wellbeing

Today's Objectives

- Review key points from Session 3
- Discuss infrastructure and workflow processes for NOMs data collection, analysis, and reporting
- Provide case examples of how to collect and analyze NOMs data to inform client care decision making

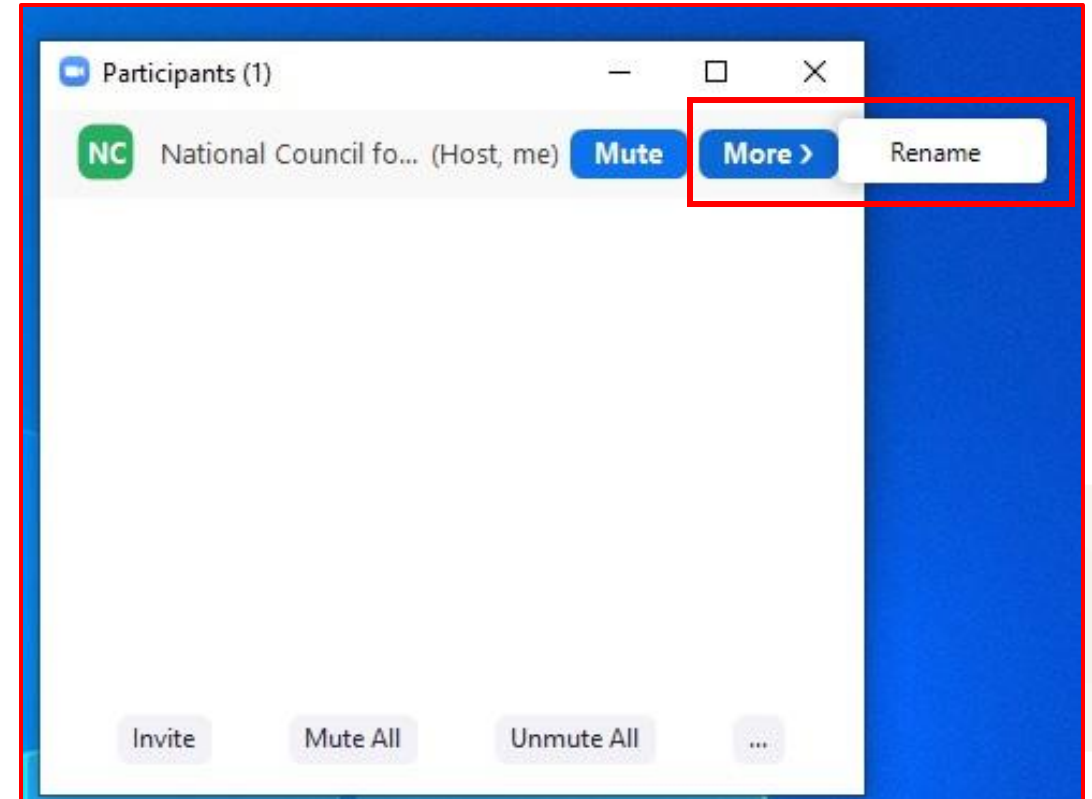

Acknowledgements and Disclaimer

This session was made possible by Grant Number 1H79SM085856 from the Substance Abuse and Mental Health Services Administration (SAMHSA). Its contents are solely the responsibility of the authors and do not necessarily represent the official views, opinions, or policies of SAMHSA, or the U.S. Department of Health and Human Services (HHS).

Logistics

- Please rename yourself so your name includes your organization.
 - *For example:*
 - **Blaire Thomas, National Council**
 - *To rename yourself:*
 - Click on the **Participants** icon at the bottom of the screen
 - Find your name and hover your mouse over it
 - Click **Rename**
- If you are having any issues, please send a Zoom chat message to **Kathryn Catamura, National Council**

Today's Agenda

- Session 3 Recap
- Building Infrastructure and Practices for NOMs Data Collection, Analysis, and Reporting
- Case Examples
- Sharing and Preparing for Next Session

Today's Presenters

Jesse Sieger-Walls, MSW, LCSW, PhD
Principal and Director of
Population Health, TriWest Group

Leigh Fischer, MPH
Principal, TriWest Group

Eric Sagel
EMR and Data Services
North Range Behavioral Health

John Gavino, LCSW, BHWC
Associate Chief Program Officer
Family and Children's Services, Inc.

Learning Series Curriculum

Month	Topic
Nov 2022	Orientation and Attestation
Dec 2022	Building Infrastructure for Data Collection, Analysis, Reporting, and Continuous Quality Improvement
Jan 2023	Designing an Effective Community Needs Assessment
Feb 2023	Building Infrastructure and Practices for NOMs Data Collection, Analysis, and Reporting
Mar 2023	Building Infrastructure for Population Health Management and Risk Stratification
Apr 2023	Review and Wrap-Up

Session 3 Recap: Designing an Effective Community Needs Assessment

- Identify needs, current conditions, and desired services or outcomes in the community
- Assess program capacity to meet the needs of the population to be served
- Examine internal and external factors that affect access to and quality of care
- Identify opportunities to increase access and engagement to reduce behavioral health disparities
- Link findings to CCBHC certification criteria: staffing, language and culture, services, locations, service hours, and evidence-based practices

Elements of a Needs Assessment

Description of the service area

(e.g., physical boundaries and size of the service area, service sites)

Prevalence of mental health and substance use conditions and related needs

Economic factors and social determinants of health affecting access to services

Cultures and languages in the service area

Identification of the underserved population(s)

Description of how the staffing plan does and/or will address findings

Plans to update the community needs assessment every 3 years

Input from consumers & family members, care coordination partners, & other key informants

COUNCIL
for Mental
Wellbeing

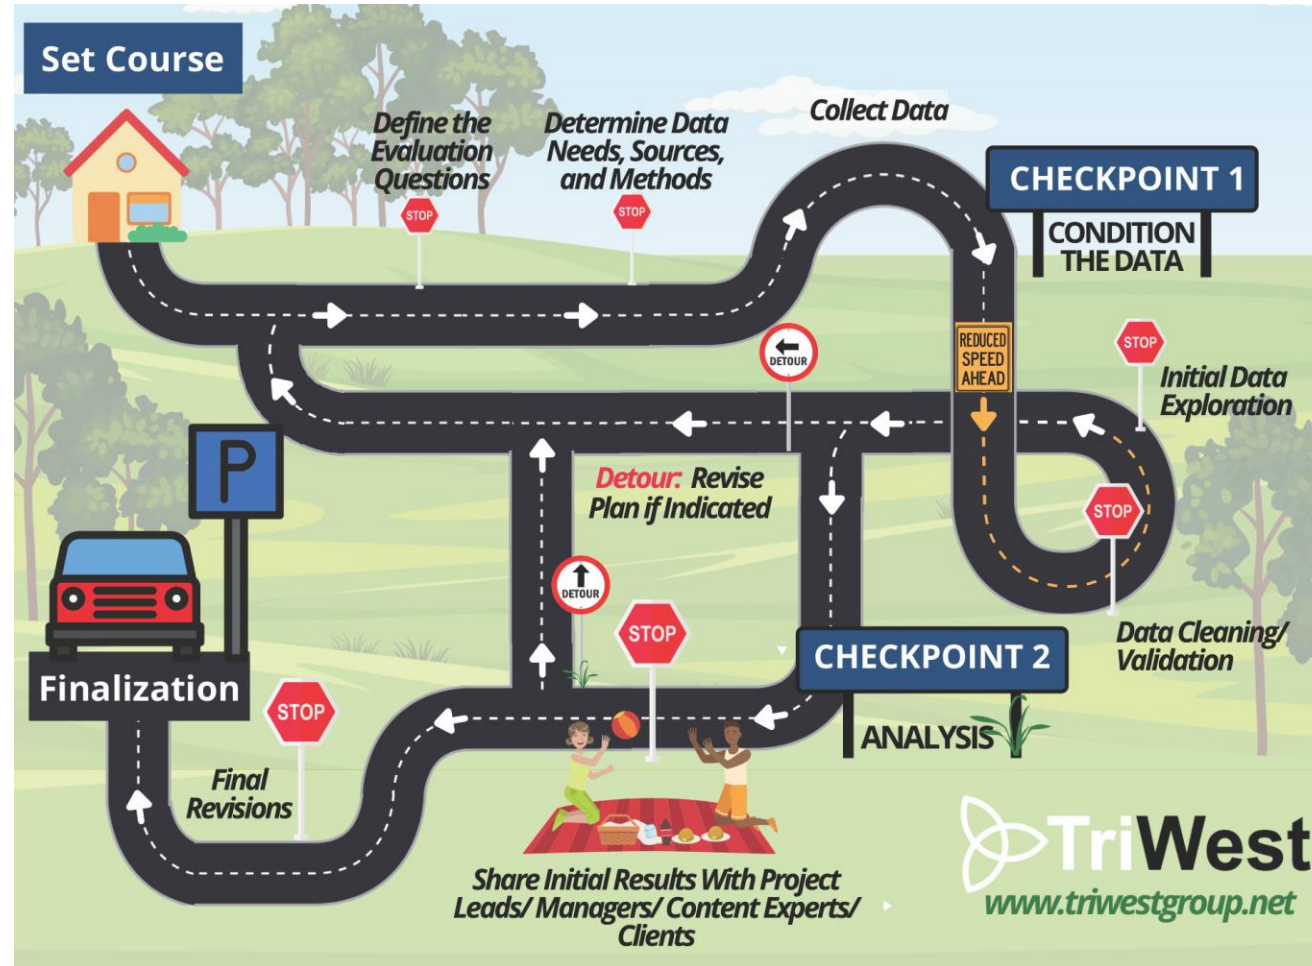

More Questions About Your Needs Assessment?

- Join us for Office Hours!
Tuesday, March 7th, 2:00 – 3:00 p.m. Eastern
- Review resources and materials found at the end of the slide deck from Session 3 (January)

Data-Driven Project Roadmap

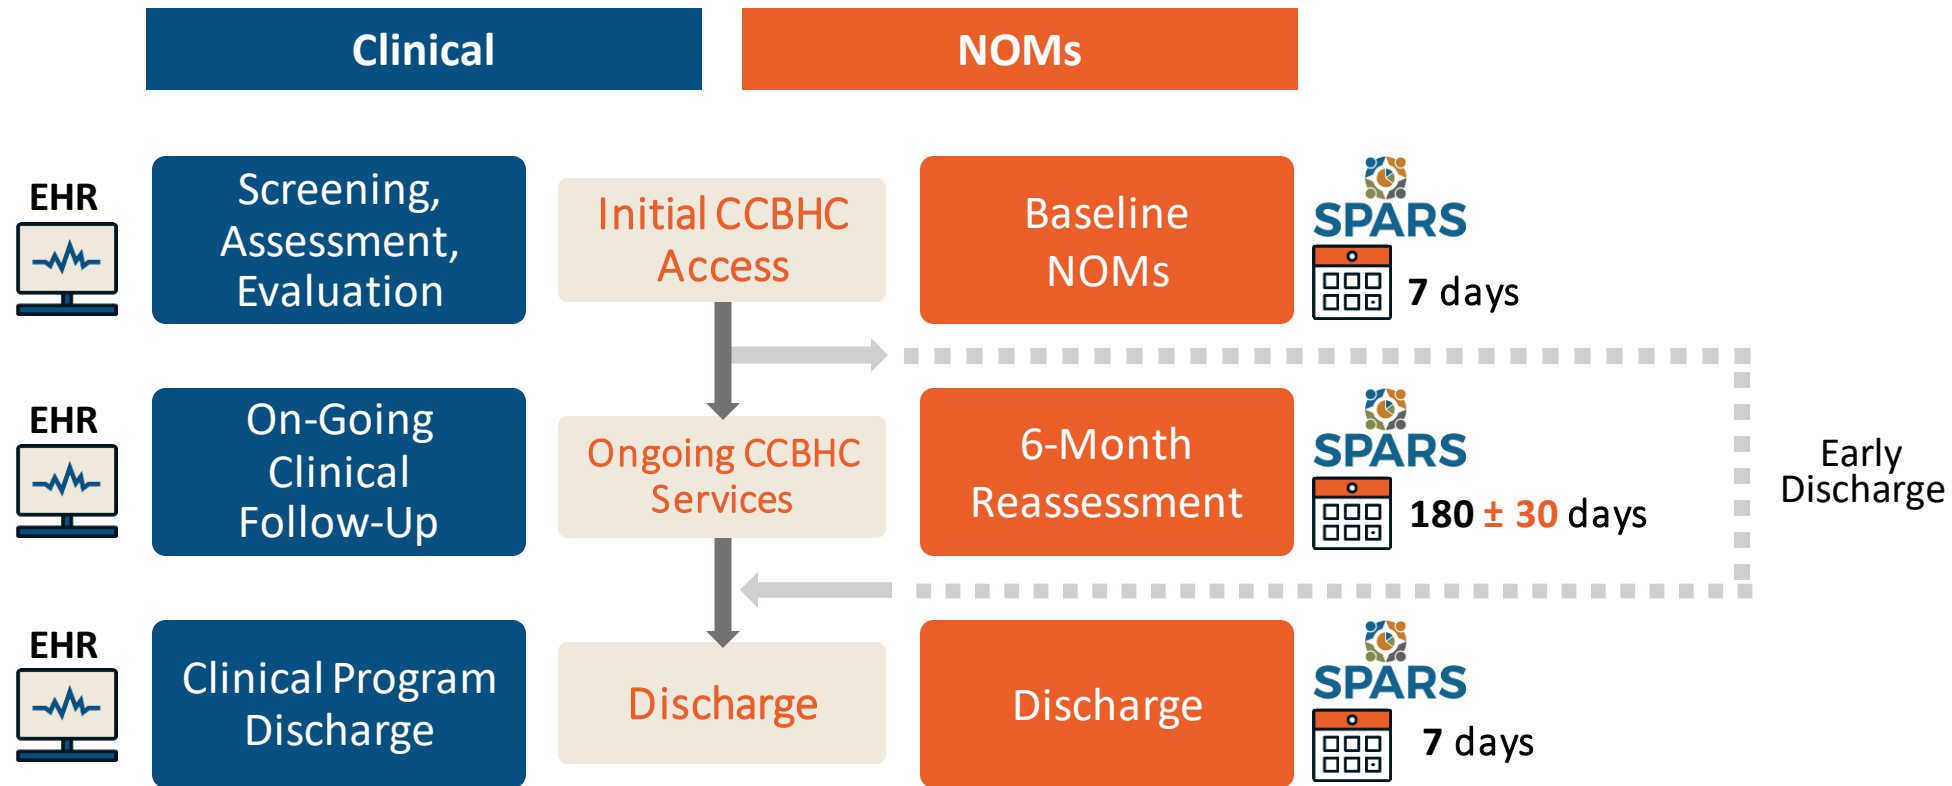

Session 4: Building Infrastructure for NOMs

- Establish your data team!
- Draft and test workflows for NOMs data collection
 - Randomization (for FY2022 PDI and IA grantees)
 - Baseline
 - Reassessment
 - Discharge
- Determine roles and responsibilities, and train staff using SPARS resources
 - Data collection
 - SPARS entry
- Develop processes for monitoring
- Report and share results

About North Range Behavioral Health

- North Range Behavioral Health provides quality, comprehensive care for people who face mental health and substance use disorder challenges. Our integrated, comprehensive treatment programs provide accessible and convenient therapy, substance use disorder treatment, and behavioral healthcare options that have helped people maintain, restore, and repair wellbeing for over 50 years.
- As the community mental health center for Weld County in Colorado, we serve children, youth, adults, and families, across a wide spectrum of needs and economic status. We also provide critical services such as 24/7/365 mobile crisis teams and immediate screening and risk assessment. Our Certified Community Behavioral Health Clinic (CCBHC) designation requires us to adhere to standards that create easier access to care and enhanced services for those who need mental health and substance use treatment.

What is RPA (Robotic Process Automation)

- “Put simply, the role of RPA is to automate repetitive tasks that were previously handled by humans. The software is programmed to do repetitive tasks across applications and systems. The software is taught a workflow with multiple steps and applications.”

National Outcome Measures

- Data Specialist -Role
- Tracking Spreadsheet
- Electronic Health Record- NOMS Entry
- Emails
- Placeholders
- Outreach Text Messages
- Tracking of Reassessment Rates
- Discharges-Reports
- Reassessment Rates
- Data Meetings

Data Specialist

- Effectively monitors, administers, and tracks all NOMs and data collection tools and assessments.
- Schedules clients for data collection, report out to staff data due dates and data entry into SPARS.
- Position will communicate program outcomes and trends to supervisor, program Evaluator, and team for effective data driven decision making.

Tracking Spreadsheets

- Spreadsheet for Staff
 - Dates of eligibility for NOMS
 - Uploaded on Team SharePoint Site

Electronic Health Record - NOMS Entry

- PDF or NOMS in the EHR

The screenshot shows a web-based form titled "NOMS Entry" within an EHR interface. On the left is a sidebar menu with options: "Records Management", "Behavioral Health Diagn...", "Demographic Data", "A. Functioning" (highlighted), "B. Stability in Housing", "C. Education and Emplo...", "D. Crime and Criminal J...", "E. Perception of Care", "F. Social Connectedness", "G8. CCBHC Program-Spe...", and "H. Services Received an...". Below the menu is a "Submit" button and a row of icons. The main form area contains the following sections:

1. How would you rate your [your child's] overall mental health right now'

☐ Excellent
☐ Very Good
☐ Good
☐ Fair
☐ Poor
☐ NO RESPONSE/REFUSED

2. To provide the best mental health and related services, we need to know how well you were [your child was] able to deal with everyday life during the past 30 [thirty] days. Plea

[READ EACH STATEMENT TO THE CLIENT OR CAREGIVER, FOLLOWED BY RESPONSE OPTIONS OF YES OR NO]

During the past 30 [thirty] days...

2a. I am [my child is] handling daily life. <input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> NO RESPONSE/REFUSED	2e. I do [my child does] well in social situations. <input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> NO RESPONSE/REFUSED
2b. I am [my child is] able to deal with unexpected events in my [their] life. <input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> NO RESPONSE/REFUSED	2f. I do [my child does] well in school and/or work. <input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> NO RESPONSE/REFUSED

Test Client 12345|

Client is now admitted into Bridge and consented to all forms but refused survey. Consent forms are in Avatar.

Client's comprehensive care plan is **active**.

Client **does** have Medicaid.

Client **is not** eligible for field-based services.

Client's CM needs are: **medication management, housing, food**

Client scheduled with **Medication Clinic Prescriber** on **2/7/2023 at 12:30pm in Office**

Case Manager – **Staff 1** – Next appointment on **2/7/23 11:30am in Office**

Client is scheduled with **Nurse Staff** for nursing assessment on **2/9/2023, 1:00 pm Telehealth**

Client **is not** interested in therapy at this time.

More Emails: Reminders to Staff

REASSESSMENTS DUE

Brenda Wooten

To Carlos Meeks

Placeholders

- Placeholders go over scheduled appointments
 - Notifies Staff on baselines, reassessments, and discharges

Outreach Text Messages

- Text messages get better responses than voicemails

The screenshot displays a text messaging application interface. At the top, a header bar shows 'Messenger' and 'Total: 791'. Below this, a search bar is visible with fields for 'Search' (containing 'Name'), 'Date' (containing 'MM/DD/YYYY'), and 'Sent by' (containing 'Select'). The main area is divided into two panels. The left panel shows a list of messages, including 'Angie Tucker marked messages as read.' and 'S30 QT Card here at Family & Children's services. You are eligible for a S30 Quick Trip Card if y...'. The right panel shows a detailed view of a conversation with 'Family & Children's Services' via Sara Kerns. The conversation includes messages about a S30 QT Card, a 6-month assessment, and a scheduled appointment. The interface also features a 'Mark as Unread' button and a 'New Message' button.

SPARS Entry

Interviews for 5001

				Assessment	Interview Date	Updated Date	Conducted?
View	Edit	Del	Print	Baseline Assessment	1/31/2022	01/31/2022	Yes
View	Edit	Del	Print	6-Month Reassessment	8/24/2022	08/24/2022	Yes
View	Edit	Del	Print	Clinical Discharge	12/2/2022	12/06/2022	Yes

Discharges- Reports

- Tracking your client discharges is essential to monitor client activity and to keep your reassessment rates manageable.

Tracking Reassessment Rates

- Frequent monitoring of reassessment rates

Data Meetings

- Leadership Data Meetings
- Team Data Meetings

Discussion: Sharing With Your Peers

- Who you are: name, organization, role in CCBHC implementation
- Share how you plan to collect and report NOMs data. Describe your workflow for NOMs data collection (i.e., who will collected NOMs data; how will data be collected; when will it be collected)

Closing: Sharing and Preparing

- **Question Log:** Take 2–3 minutes to put any questions you have about the learning series curriculum in the chat
- **Next Session:** March 21, 2022, 3–4:30pm EST
- **Topic:** Building Infrastructure for Population Health Management and Risk Stratification
 - Prep work: Review your current CQI plan, if available. Bring a list of the clinical registries the agency currently uses, if any, and review the type of information contained in the registry.

Thank You!

Thank you for attending today’s event.

Slides and the session recording link will be available on the CCBHC-E NTTAC website under “Training and Events” > “Past Events” within 2 business days.

Your feedback is important to us!

Please complete the brief event survey that will open in a new browser window at the end of this meeting. Your input helps us improve our support offerings and meet our SAMHSA data metrics.
