

List of Certified Community Behavioral Health Clinics (CCBHCs), by State

Updated August 2026

This document provides information on the number and types of Certified Community Behavioral Health Clinics (CCBHCs) in each state. Only CCBHCs with an active grant or state certification are included.

Information here is current and accurate to the best of the National Council's knowledge as of August 2026. Please contact CCBHC@TheNationalCouncil.org with any questions or corrections.

CCBHC Type ¹	Definition
Medicaid CCBHC	A clinic that is either participating in its state's Section 223 Medicaid demonstration or that has been certified by its state as a CCBHC under a Centers for Medicare and Medicaid Services (CMS)-approved Medicaid CCBHC initiative. The CCBHC prospective payment system (PPS) provides flexible cost-based payments, allowing these CCBHCs to meet the needs of Medicaid-eligible people with a comprehensive range of services rather than disconnected services driven by individual service rates. CCBHCs are certified by their states and receive cost-based reimbursement through a unique, clinic-specific PPS rate.
CCBHC grant	A federal grant awarded directly to clinics through a competitive application process. Individual clinics may have more than one CCBHC grant. Grant tallies in this list include only federal grants; state-level grants will be added in a future update.

CCBHCs have **three funding pathways**, each with its own processes for clinic certification, state availability and duration of CCBHC status:

1. **Section 223 CCBHC Demonstration Program:** Launched in 2017, this program allows participating states to establish CCBHCs by creating a state certification process based on federal CCBHC criteria. Clinics in the demonstration program receive a unique, clinic-based PPS rate and operate under the authority of Section 223 of the [Protecting Access to Medicare Act of 2014 \(PAMA\)](#).
2. **Independent State Medicaid CCBHC Programs:** With approval from CMS, some states implement the CCBHC model through a Medicaid State Plan Option or Waiver separate from the Section 223 CCBHC Demonstration Program.

¹ Substance Abuse and Mental Health Services Administration. (2025, February). *Types of Certified Community Behavioral Health Clinics and pathways to becoming one*. <https://library.samhsa.gov/product/types-certified-community-behavioral-health-clinics-and-pathways-becoming-one/pep25-01-007>

List of Certified Community Behavioral Health Clinics (CCBHCs), by State

3. **Substance Abuse and Mental Health Services Administration (SAMHSA)-administered CCBHC Expansion (CCBHC-E) Grant Program:** Eligible clinics can receive competitive grant funding from SAMHSA to implement the CCBHC model. For CCBHCs that receive these grants and are not state certified under the other two pathways, SAMHSA accepts a detailed attestation to how they meet the certification criteria.

For simplicity, in the following list pathway 1 is listed as “State-Certified Demonstration CCBHCs,” pathway 2 is listed as “Other Independent Medicaid State-Certified CCBHCs,” and pathway 3 is noted as “SAMHSA Grant-funded CCBHCs.”
